

BARGAINING BULLETIN #5

Bell Technical Solutions

Sisters, Brothers and Siblings,

We trust that you all enjoyed a rejuvenating long weekend, and for those who had work commitments, we hope you found moments to connect with your families.

This week, our committee has returned home following two intensive weeks of negotiations in Montreal. During this time, we successfully concluded non-economic discussions and have now shifted our focus to critical monetary issues, including Pension and Benefits. We are fortunate to have the expertise of our Unifor Pension and Benefits department, which has been instrumental in guiding our discussions.

As we prepare for the next steps in the bargaining process, it's important to acknowledge the progress we've made thus far. However, we must also recognize that several significant challenges remain before we can finalize an agreement.

Our committees will reconvene in Montreal on Monday, April 13th, to continue our discussions on monetary matters. We are committed to keeping you informed as this process unfolds.

In solidarity,

Your bargaining committee,

Ontario
