BARGAINING BULLETIN #7

Bell Technical Solutions

Sisters, Brothers and Siblings,

We are pleased to announce that we reached a tentative agreement with the Company this afternoon. This agreement comes with the unanimous recommendation and endorsement of your Bargaining Committee.

In the coming weeks, we will hold a bargaining caucus, followed by ratification meetings. We will communicate the specific dates and format of these meetings as soon as arrangements are finalized.

Prior to the meetings, all members will receive the complete package and detailed information to ensure transparency throughout this process.

Thank you for your unwavering support during this negotiation.

In solidarity,

Your bargaining committee,

Ontario
